Dear friends, I am pleased to invite you to participate in the Second national competition with international participation – COSMONAUTICS 2021.

The competition is open to representatives of kindergartens to representatives of higher education. This year we bet on the following categories in which you can take part:

1. Drawing, 2. Model, 3. Robot, 4. Computer game, 5. Poetry, 6. Photo with a telescope, 7. Presentation, 8. Space music, 9. Video and animation

Draw your fantasies and create models of future spaceships. Create your own computer game on space theme and control a robotic system with artificial intelligence on Mars. Look at the stars with a telescope and share with all of us the magical feeling of touching the stars.

- A participant can participate with one project in one category.
- A participant can participate with one project in all categories.
- A group of participants can get involved with one project.

We start accepting projects from January 5, 2021 to April 5, 2021

Manner of application for participation:

To successfully join the project you must send a message to the email address: konkurs@pica-center.com with the following information: Category, Name and surname of the participant, school name, class.

Regarding the participation category, you must send:

1. For category "Drawing": photo of the drawing
2. For category "Model": photo of the model
3. For category "Robot": a photo of the robot
4. For category "Computer game created using **Scratch**": photo home screen, game code - sb2, sb3.
5. For category "Telescope photo": photo taken with a telescope
6. For category "Poetry": photo on the home page of the work, up to two A4 pages in one of the listed formats: pdf, doc, docx, rtf, as the name of the file write the name of the participant in Latin letters.
7. For category "Presentation": a presentation file of up to 10 slides in one of the listed formats pps, ppt, pptx.
8. For category "Space music": file with a duration of up to 1 minute mp3 format.
9. For category "Video and animation": file up to 1 minute format mp4 or GIF.
10. For category "Information board": photo of the board.
11. For category "Web site": link to the site.
12. For category "Space food": food photo.

General conditions for participants in the competition:

When participating in the COSMONAUTICS 2021 competition, the participants declare that:

1. The submitted materials (name, surname, project photo, game code, poetry) can be published on the website of PICA in the section cosmonautics competition 2021 (<http://pica-center.com/2021/>) and on its Facebook page.
2. PICA has the right to present your project to other international organizations and to include you in other international competitions, as you fully retain your copyright.
3. Each participant is personally responsible for the resources used and their copyrights.
